Picture 10

6. Clicking on the Asee icon in Picture 7 will display the screen in Picture 8, where you can click on the Open button on the bottom of the screen to display the screen in Picture 10 to view the cameras
7. To return to this screen you would go to the program list on the phone and click on the Asee icon shown in Picture 9.

The functions of the buttons in Picture 10 are shown on the chart below:

1	PTZ Direction	2	Zoom+ -
3	Aperture	4	Focus+ -
5	Channel Select	6	Play & Pause
7	Full/Normal Screen	8	Snapshot (save to phone)
9	Setup	10	Change Channel Group
11	Help		

Click on the Setup button (number 9) to bring up the screen shown in Picture 11 to enter the network information needed to access your DVR from the phone.

8. Setting Menu

The screenshot shows a mobile application interface with a 'Settings' title bar. Below the title bar are 'Back' and 'History' buttons. The main content area is titled 'Devices Info' and contains five input fields: 'Address' (with the value 221.4.221.194), 'Port' (with the value 18004), 'DeviceName' (with the value 9108), 'User ID' (with the value admin), and 'Password' (with masked characters).

Picture 11

Enter the device info in the screen on the right:

Address: Enter the IP address of the DVR

Port: Enter the Mobile Port No. Of the DVR Device

Name: Enter DVR name (Customize) User ID: Enter the User's Name

Password: Enter the User's Password

You can push the History button in the upper right corner to view the IP addresses you have been to.
